Dear Family Stern

In the last year I checked 2x the Patek store and talked to a gentleman in German, left my business card the second time.

So we seems to have some major issues here in Lucerne, Switzerland these days...time is dissolving and matching again under random circumstances.

I'm on Spotify they have all my logs and most likely GPS data (not sure tho). This is no issue BUT as soon as Spotify tries to sell my IP rights to the highest bidder we see major issues...and yes we know they are selling it to US of A for some folks.

So I advise u to speak to the CEO of \$SPOT and ask for all my protocols (all data that is recorded) for free...this email is the proof for it if needed.

Then I advise u to relocate to Löwenplatz from Schwanenplatz. This action is to protect SUVA in Lucerne...the last man standing.

If \$SPOT sold, it's a political thing and my team and some Finns will join me at Schlüsselberg, Russia to resolve this issue.

I will go to Gübelin today and explain my problems via voice...can be recorded if necessary...most likely u need to replace to Lucerne crew too.

For questions pls email me. Thanks.

Kind regards

Jost Walter Odermatt
